Pillar II is one of the latest perennial ryegrasses from Columbia Seeds, Pillar II is in the current 2016 NTEP trial. Pillar II is the complete package variety with desirable traits such as fast establishment, excellent color, cold tolerant and is the top-rated variety for seedling vigor.

Pillar II has quick spring green up and has shown exceptional wear tolerance. Pillar II has disease resistance to a number of different diseases including Crown Rust and Gray Leaf Spot.

Pillar II produces a beautiful turf that is ideal for permanent turf, overseeding into warm season grasses and blends well with other cool season grasses.

Benefits

- Top rated for Seedling Vigor
- Fast Establishment
- Excellent Color
- Can handle high traffic stress
- Cold Tolerant 
- Salt Tolerant  **ST**
- Gray Leaf Spot Resistances  **PGL**
